It is hereby confirmed that the company's extended producer responsibility for packaging is managed by Emballageretur in accordance with applicable Danish legislation.

Through its membership of Emballageretur, the company assumes a shared responsibility for ensuring the responsible handling of packaging and supporting increased and improved recycling.

The company has reported the necessary information on quantities of packaging placed on the market.

The certificate is valid for the period 1 June 2026 – 1 June 2027.
